

## Instructions to use you Paper Seed Starter Pot Maker

Step 1: Fold a single sheet of a news paper into thirds.

Step 2: Place the Pot Maker Mold at line mark on edge of paper and roll onto mold.

Step 3: Tuck the paper into the end of the mold. Place on table and insert mold plunger into mold bottom and tap it down with the palm of your hand.

Step 4: After packing the paper pot, leave the plunger in the bottom and pull up on the bottom mold and remove from pot, then remove plunger and you have your pot.
